

This is a tool specifically developed for program teams to use after either completion of your SACERS-U self assessment and/or after receiving SACERS-U Summary Reports from entities within the PA Quality Early Learning Initiatives. The purpose of this tool is to help you get started on looking at your current practices, sorting through your feelings, and begin making improvements in your program. A key element to the process is team conversations through the process of brainstorming.

Program Name \_\_\_\_\_ Leader’s Name \_\_\_\_\_  
 Assessment Date \_\_\_\_\_ Assessor Name/Entity \_\_\_\_\_

**Reflect on the assessment results and think about:**

1. What impressed you about your current practices?
  
2. What surprised you about your current practices?
  
3. Were there any safety/supervision issues that may put children at risk?
  
4. What general areas do you foresee getting started on improving the quality of today?
  
5. How about the near future?
  
6. Identify three specific scale items to begin improvement:

**Directions for filling in the chart below:**

1. Prioritize the three scale items you have identified above.
2. Identify staff with strong knowledge in this item, and create a team.
3. Set a mutually agreed upon date for meeting and brainstorming specifically about the identified item.

Priority	Item Identified	Team Members	Meeting Date

#3			

**SACERS-U Brainstorming/Implementation and Review Template**

Now that you have identified items, assembled a talented team, and established a date for brainstorming, it is time to create a plan of action, followed by a review. During this group process, it is recommended that you start with establishing group talk etiquette, such as all team members are respected and all ideas are accepted as a possibility. These are personal and should be established for all three item groups established.

**Directions for Brainstorming Meeting:**

1. Identify improvement **item** from previous page
2. Identify a mutually agreed upon team **leader** and information recorder.
3. Identify **professional resources** (e.g., Caring for Our Children, CACFP Standards, PA Learning Standards for Early Childhood, etc.) and keep them at your fingertips along with the SACERS-U Scale and record.
4. Identify **why** the item is important to your environment and record.
5. **Talk, Talk and Talk some more** – about the item, your feelings, and ideas to improve the item within your environment. Highlight **main points of conversation** and record. Suggested reading to help get started: <http://www.pakeys.org/uploadedContent/Docs/ERS/Getting%20Started.pdf>
6. Create a **plan of action** record and begin implementation within a realistic team chosen time frame.
7. **Review effectiveness** of implementation within 2 weeks, 4 weeks and 8 weeks and record notes.
