

The Early Learning Network (ELN) alerts users of actions required by the system. Alerts provide a quick and easy way of notifying users when information changes or actions are required.

Users must actively select “Alerts” to view them. Users can accept or reject child demographic changes entered by clicking on the link included in the Alert when one is generated.

Alert Categories:

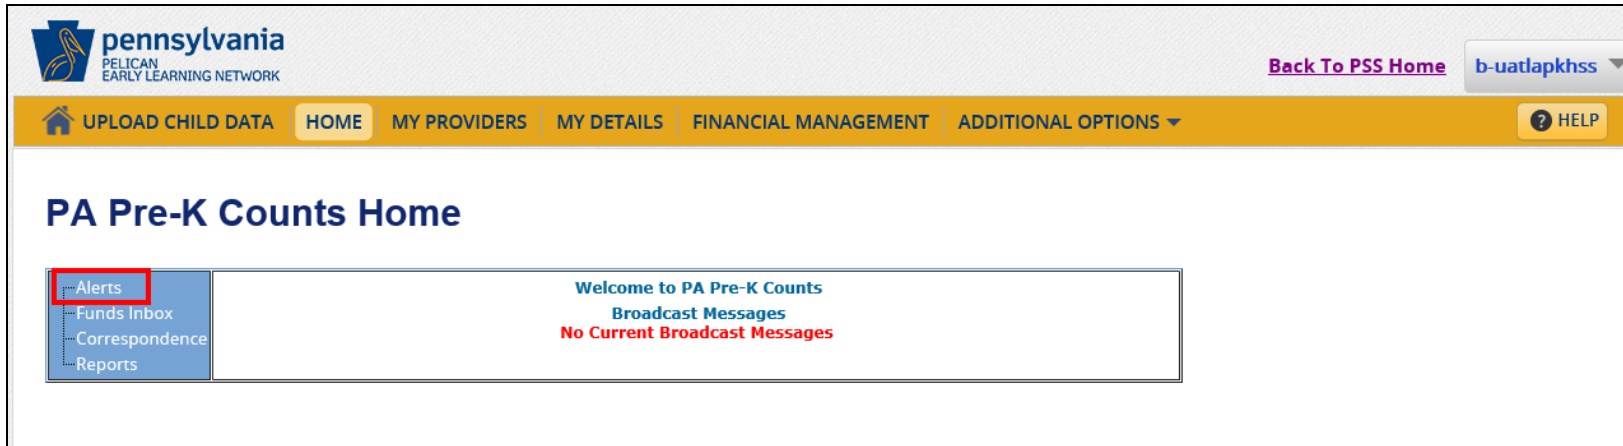

Alerts are triggered by activities within the system that have been performed and/or notify users about deadlines that are approaching. Alerts are informational and provide awareness of an action that needs to be taken. They are cleared by performing an action in the system or manually cleared by a user.

Alert categories are:

1. Funds
2. Provider
3. Attendance
4. Quarterly Narrative
5. Enrollment Plan
6. Child Demographics
