	X	Approved for PA pre-kindergarten outcomes reporting	
		<i>Can be used for PA early intervention infant toddler outcomes reporting*</i>	
	<i>Can be used for PA early intervention preschool outcomes reporting*</i>		
Description			
<p>The Vine Assessments™ are a series of developmentally-appropriate early childhood assessments from birth through Pre-Kindergarten. The Vine Assessments are categorized as “Observational, Formative Assessments,” as follows:</p> <p><u>Observational</u> = teachers complete the Vine Assessments on their students based on what they have observed in their interactions with the children. The students do not complete any portion of the Vine Assessments themselves.</p> <p><u>Formative</u> = teachers can use results from the Vine Assessments as they prepare Lesson Plans. Teachers can plan activities specifically intended to work on areas that the children have not yet scored as ‘Achieved.’</p> <p>The Vine Assessments are fully embedded within the LifeCubby™ software used for classroom documentation and communications with parents. Teachers use the LifeCubby app to post Observations for the parents and can use selected Observations as evidence for assessment indicators. Assessment indicators can be scored at any time. Vine Assessments are used for parent-teacher conferences at any time of the year. Teachers use LifeCubby for Lesson Planning and can review assessment status at any time for lesson planning purposes.</p>			
<i>Optional – Pennsylvania Specifics (please delete if not used)</i>			
<i>Optional - How does the tool meet the needs of young children with developmental disabilities or delays?(please delete if not used)</i>			
<i>Optional - Does the tool convert the rating of items to the PA early intervention Child Outcome Summary Form (COSF 1 – 7 scales)? (please delete if not used)</i>			
What ages does the tool assess?			
Birth through Pre-Kindergarten			
How often are children assessed?			
Teachers can assess at any time and can hold parent-teacher conferences to review a child’s status at any time. Vine Assessments are on a continuum.			
What on-line tools are available?		What training options are available?	
Vine Assessments are completely digitized through the LifeCubby website and the LifeCubby apps.		LifeCubby provides comprehensive training for all clients at no charge. All training is live instruction using web conferencing, and all training is recorded for the client.	
<i>Optional - Additional Information (please delete if not used)</i>
