Care Levels Served: The Care Levels that are indicated by the provider on the Location R&R Profile Summary page in the Care Levels Served drawer.

Operational Capacity: The total enrolled number of children, including school aged children, a provider serves at the facility for all hours of operation. The total may vary depending on the number of sessions offered within the facility and staffing needs, but at no point during any one session can operational capacity exceed the established maximum capacity.

Vacancy: Any availability, either full-time, part-time, or partial week based on hours of normal operations.

Waitlist: A listing of children registered with a provider waiting for available openings in the requested program.

CONSTRUCTION CORNER

- When applying for a grant revision or budget revision, an error message will not be displayed when the requested amount is equal to the eligible amount.
- PSS users and ELRC users will no longer receive an error when creating an ECT through KTQ Self-Service and KTQ on the last day of the Fiscal Year.
- When an Enrollment Calculation Tool (ECT) is submitted through PSS, and then approved by the ELRC through Keys to Quality, the provider requested time frame will no longer change to the date the ELRC approved it.
- The order of Alert Names on the Manage Alerts page will now match the order of Alert icons at the top of the Manage Alerts page.
