

Social Problem-Solving Resources in Multiple Languages

Office of Child Development and Early Learning (OCDEL) Conference on Social Emotional Development

Session C8: Teaching Social Problem Solving to Toddlers and Preschoolers

March 26, 2024

Tools to Help Adults Help Children to Stay Calm or to Become Calm

<https://challengingbehavior.org/implementation/classroom/practical-strategies/#behaviorRegulation>

Link to resources for teachers to learn about teaching children how to become calm, and to help children recognize how they are feeling. All resources are available in English. Some are available in Spanish, Hmong, and/or Somali.

Tools to Teach Problem Solving

<https://challengingbehavior.org/implementation/classroom/practical-strategies/#problemSolving>

Link to resources for teachers to learn about teaching children to solve problems, to use in classrooms with children, and to send home to families. All resources are available in English. Some are available in Spanish, Hmong, Somali, and/or Ojibwe.

Additional Classroom Practical Strategies for Teaching Social Skills

The urls above in this document take users directly to the resources discussed during the training session in which this handout was provided. This url <https://challengingbehavior.org/implementation/classroom/practical-strategies/> will take users to the Practical Strategies Resource page on National Center for Pyramid Model Innovations (NCPMI) website. All of the above pages plus additional resources are available from this page.
