

Vaccine Identification

VACCINE

Diphtheria, Tetanus, Acellular
Pertussis

DIFFERENT BRANDS and ABBREVIATIONS

Daptacel - DTaP **DTaP**
Infanrix - DTaP

Pediarix (DTaP with Hepatitis B and IPV (polio))
Pentacel (DTaP with IPV and Hib)
Kinrix (DTaP with IPV)
Quadracel (DTaP with IPV)
Vaxelis (combined DTaP-IPV-Hib-Hep B)

Tetanus (reduced)
diphtheria

Tenivac - TD **Td**

Tetanus, Diphtheria, Acellular
Pertussis

Adacel - (Tdap) **Tdap**
Boostrix - (Tdap)

Haemophilus influenzae type
b (Hib)

ActHIB - (Hib) **Hib**
Hiberix - (Hib)
PedvaxHIB - (Hib)

Pentacel (combined with IPV and DTaP)
Vaxelis (combined with DTaP- IPV-Hib- HepB)

Hepatitis A

Havrix - (Hep A) **Hep A**
Vaqa - (Hep A)
Twinrix (combined with Hepatitis B)

Hepatitis B

Engerix-B - (Hep B)
Recombivax-HB - (Hep B) **Hep B**
Heplisav-B - (Hep B)

Vaxelis (combined with DTaP- IPV-Hib- HepB)
Pediarix (combined with polio and DTaP)
Twinrix (Hepatitis B with Hepatitis A)

Hep A/Hep B

Twinrix (Hep A and Hep B combined)

Human Papilloma Virus

HPV **Gardasil** **Cervarix**

Disease	Vaccine(s)
Influenza	FluMist Fluzone Flucelvax
Measles, Mumps, Rubella	Flucevax Flublok FluLaval
Measles, Mumps, Rubella, Varicella	Afluria Fluarix Fluad
Meningococcal A, C, W and Y (State required vaccine)	M-M-R II - (MMR) Priorix - (MMR) MMR-V (measles, mumps, rubella combined with varicella) ProQuad (measles, mumps, rubella (MMR) with varicella)
Meningococcal B (Recommended, but not required)	ProQuad (measles, mumps, rubella combined with varicella) to be given in children younger than age 12 years. MMR-V
Pneumococcal	Menactra (MenACWY-D) Menveo (MenACWY-CRM)
Polio	MCV4 MenACWY
RSV (Respiratory Syncytial Virus) (RSV-mAb)	Trumenba - (Men B) Bexsero - (Men B)
Rotavirus	Men B
Varicella (Chickenpox)	Prevnar 13 Pneumovax 23
Herpes Zoster (Shingles)	Ipov - (IPV) tOPV (trivalent oral polio) - only available 2016 and before. OPV (oral polio) - Not accepted in U.S. other than tOPV given before 2016 Pediarix (IPV with Hepatitis B and DTaP) Kinrix (IPV with DTaP) Pentacel (IPV with DTaP and Hib) Quadracel (IPV with DTaP)
	Beyfortus - Nirsevimab (monoclonal antibody)
	RotaTeq (RV1) Rotarix (RV5)
	RV
	Varivax - (Varicella) MMR-V (varicella combined with measles, mumps, rubella) ProQuad (varicella combined with measles, mumps, rubella) VZV (varicella zoster virus)
	VAR
	Shingrix - for 50 years+
