

The International Education Evaluation Initiative provides Pennsylvania's Early Childhood Education Workforce with access to international transcript evaluation!

Foreign Degree evaluations for individuals now provided by the Educational Credential Evaluators at no cost through June 30, 2026.

NO COST FOREIGN DEGREE EVALUATION

As part of the initiative from the PA Office of Child Development and Early Learning (OCDEL) and the Pennsylvania Key, each applicant will receive high-touch support during the evaluation process with Educational Credential Evaluators and have their evaluated documents linked to their Pennsylvania's PD Registry account. This allows applicants and other support teams to obtain evaluated educational documents as needed.

Scan the QR code or visit www.pakeys.org/international-education-evaluation to discover how you can have your international diplomas, transcripts, and degrees evaluated.
